Covid has not left the mountains untouched. The silence of the tourist absence however also brought the sounds and colours of the mountains.

Udhyam (www.udhyamentrepreneurs.org) has been working in the kumaon region nurturing the aspirations of the youth.

In this Journey, a brush with the bright visual arts faculty students of kumaon university was perhaps destined. Meeting them leaves one with so much hope for the future of the region

Better inputs, better platform, better careers and a better audience. Udhyam wishes to help them in this pursuit.

The first step was a 10 day art residency hosted at bob's place in nathuakhan, kumaon in sep 2021.

14 young artists met under the pahad ke rang umbrella facilitated by Antara Pain and co-facilitated by Harmandeep singh, 56 artworks were exhibited and sold.

In the second edition of pahad ke rang, come and support 20 artists and their affordable artworks.

Pahad ke rang is not a reminder of the lacuna in quality visual art education It is a reminder of the resilience of these students

We hope the exhibits will fill your heart with the same warmth that the curation filled ours with.
