## Silent Conversation From Margins To The Centre

### Art Exhibition

Paintings from the Lap of Mother Nature  
3RD TO 5TH November

Venue : The Atrium,  
India Habitat Centre, New Delhi

In India's forests, silent conversations have been taking place for ages. Tribal communities have nurtured a symbiotic relationship with Mother Nature and her elements. They've now translated this deep bond and centuries-old ethos onto canvas.

For the very first time, paintings by these artists from tribal and other forest dwelling communities living near India's tiger reserves will be on display.

### Inauguration

November 3, 2023 at 4 pm  
Stein Auditorium, IHC

Make this festive season more meaningful by visiting and buying the art pieces crafted by tribal artists.
