

October 11th - 14th 2024

a solo show by

Sanju Jain

Some experiences in life are so profound that they change you, for better or worse. One such experience for me was my trip to Leh. Standing atop a hill, I was surrounded by the elements of life all harmonizing around me. I'm now trying to translate that moment onto my canvas, hoping to share the depth and impact of that experience through my art.
